Troubleshooting

Technology can be faulty and challenging from time to time. If something goes wrong for technical reasons during your interview day, don't panic – we are all in this together and we will find a solution, whether or not it is immediate. Below are some possible scenarios and some resources to follow.	
Can't get into the meeting	Call the Fellowship Manager line: 734-344-2367
You've been placed in the incorrect breakout room	Return to the Main Room and speak with the Fellowship Manager
You lose connection during an interview	1) Close your browser and any open windows involved with Zoom – return to the original meeting link and try re-entering the meeting from scratch 2) If you're still locked out, try calling in on a mobile phone: +1 (312) 626-6799; Meeting ID: #930 3204 4123 3) If that does not work, please call the Fellowship Manager line at 734-344-2367
You are pulled out of an interview before you've completed the end of a conversation	Interviewer email addresses are above for follow-up

In the event that the Zoom meeting is disconnected, a phone back-up plan will be implemented, and faculty will call the interviewees. Please keep your phone nearby.
